

EQUIPMENT & CARE

BENEFITS

To look after Powersport enthusiasts and their equipment, Motul has developed 4 practical and efficient products to clean and protect helmets, leather jackets, boots and gloves plus your hands.

M1 HELMET & VISOR CLEAN

250 ml
Cleans the outside of the helmet and visor without leaving any marks. Anti-insect effect. Suitable for all helmets and for all visor technologies.

M2 HELMET INTERIOR CLEAN

250 ml
Cleaner for the helmet interior: thoroughly cleans and neutralises unpleasant odours. Non-irritating to the skin, dermatologically tested.

M3 PERFECT LEATHER

250 ml
Cleanses, nourishes and revives all types of leather. Protects against external aggressions, waterproofing / anti-rain effect. Prolongs the life of leather.

M4 HANDS CLEAN

100 ml
Cleans hands without water. Dissolves grease, oil and other stubborn dirt. Non-aggressive dermatologically tested formula; does not dry the skin. A must-have for your travels.

MOTUL

MC CARE

MAINTENANCE AND CARE

ALSO SUITABLE FOR

MOTUL

MC CARE

Motul is highly involved in the Powersport world and its experience in this field makes it a brand trusted by Powersport enthusiasts for its quality and know-how. Maintaining and taking care of your machine will protect it and prolong its life. Each vehicle part deserves specific care for which Motul has the right solution. Motul experts developed the Motul MC CARE line, a comprehensive range of 27 products. Each one of them provides an adapted solution to maintain and take care of your Powersport machine & equipment. One product, one application.

MECHANICAL PARTS MAINTENANCE

BENEFITS

To maintain the mechanical parts of Powersport machines in good working order, Motul has developed specific products to clean, lubricate, protect and repair.

P1 CARBU CLEAN
400 ml
Carburettor cleaner: eliminates deposits and varnish on butterfly valves, bushels, jets, tanks, floats, venturis. Stabilises the idle and improves engine acceleration.

P2 BRAKE CLEAN
400 ml
Very powerful non-chlorinated degreaser for brake discs and drums, clutches, spark plugs. Effectively removes oil, grease, brake fluid, tar and dust.

P3 TYRE REPAIR
300 ml
Repairs and re-inflates tyres instantly without disassembly or tools. Its latex based formula does not deteriorate either the inner tube or tyre.

P4 E.Z.LUBE
400 ml
Multi-purpose fluid lubricant: unblocks, lubricates and protects from corrosion all metal parts by depositing a protective film.

CHAIN MAINTENANCE

C1 CHAIN CLEAN
400 ml
Cleans all types of motorcycle (road and off road), ATVs and kart chains. Removes all encrusted deposits: sand, mud, oil, grease... Chlorine-free formula.

C2 CHAIN LUBE ROAD
400 ml
Colourless and sticky lubricant specifically designed to lubricate all chains of road bikes and karts.

C3 CHAIN LUBE OFF ROAD
400 ml / 100 ml
Creamy and non-sticky lubricant for all chains of off road bikes and ATVs. Disperses deposits of sand, mud and dirt. Protects the chain in muddy and wet conditions.

C4 CHAIN LUBE FACTORY LINE
400 ml / 100 ml
White coloured lubricant for racing motorcycle chains: Speed and Endurance. Based on solid additives AW / EP.

C5 CHAIN PASTE
150 ml
White lubricating paste with brush applicator tip specially designed to lubricate all chains of road bikes and karts. A must-have for your travels.

BENEFITS

Maintaining the chain will increase its life, reduce friction and wear, reduce power losses and protect it from corrosion. Motul has developed 5 products to clean and lubricate chains on all types of Powersport machines, depending on their use. All those products are compatible with standard chains and with O-RING, X-RING, Z-RING.

AIR FILTER MAINTENANCE

BENEFITS

Good air filter maintenance strengthens its efficiency and helps extend engine life. Motul recommends the use of 3 products specifically formulated to clean, lubricate and protect all foam air filters.

A1 AIR FILTER CLEAN
5 L
Cleans all types of foam air filters. Effectively removes dust, mud, sand, oil for better carburation. Unlike petrol, this product does not warp and does not harden the filter.

A2 AIR FILTER OIL SPRAY
400 ml
Blue-coloured lubricant specially developed for the maintenance of foam air filters of off road Powersport machines. Improves air filter efficiency for better carburation. Effectively retains dust, mud and sand for greater engine durability. Prevents water from entering the filter.

A3 AIR FILTER OIL
1 L
Blue-coloured lubricant specially developed for the maintenance of foam air filters of off road Powersport machines. Improves air filter efficiency for better carburation. Effectively retains dust, mud and sand for greater engine durability. Prevents water from entering the filter.

EXTERNAL CARE

BENEFITS

For a perfect finish, there are 11 Motul products to clean and protect all the external surfaces of Powersport machines – each specially formulated to ensure effortless efficiency.

E1 WASH & WAX
400 ml
Dry cleaner and protective wax: cleans, shines and lastingly protects your Powersport machine without the need for rinsing.

E2 MOTO WASH
1 L
Powerful biodegradable cleaner and degreaser for the entire Powersport machine: leaves a corrosion resistant film to protect paint, metallic components and varnished parts.

E3 WHEEL CLEAN
400 ml
Concentrated formula: effectively dissolves grease, oil and brake dust residues on the rims and does not attack paints or varnishes.

E4 PERFECT SEAT
250 ml
Powerful cleaner and restorer for all vinyl saddles. Non-slip formula. UV protection that prevents the seat from fading.

E5 SHINE & GO
400 ml
Shines and revives the colours of Powersport machines' plastic surfaces: fairings, paint, fenders and mirrors. Leaves a long-lasting non-sticky protective film.

E6 CHROME & ALU POLISH
100 ml
Cleans, restores and shines chrome and aluminium parts of your Powersport machine.

E7 INSECT REMOVER
400 ml
Removes splattered insects and organic residues (bird droppings) on bubble screens, fairings, paint, metal, mirrors and plastic surfaces of Powersport machines.

E8 SCRATCH REMOVER
100 ml
Removes superficial scratches on any painted or varnished surfaces: ATV, motorcycle fairings, helmet... Restores gloss paints and varnishes.

E9 WASH & WAX SPRAY
400 ml
Dry cleaner that cleans and shines up all surfaces in depth without using any water. Leaves a protective wax film for extended effectiveness.

E10 SHINE & GO SPRAY
400 ml
Shines and revives the colours of Powersport machines' plastic surfaces: fairings, paint, fenders, and mirrors. Leaves a long-lasting non-sticky protective film.

E11 MATTE SURFACE CLEAN
400 ml
Cleaner for matte surfaces. Cleans & restores all matte plastic and painted areas, leaving a flat/matte, non-sticky finish. Contains a protective UV Filter. Use without rinsing.

MICROFIBER TOWEL
A specific towel to clean and take care of all the surfaces of your Powersport machine
